Re: *United States v. David Correia*, S1 19 Cr. 725 (JPO)

Dear Judge Oetken:

The Government writes pursuant to the Court's October 27, 2021 order directing the Government to reach out to FCI Butner to inquire about whether Correia has seen a gastroenterologist and if not, what steps the Bureau of Prisons is taking. (Dkt. No. 252.)

According to the defendant's medical records, on September 8, 2021, the defendant saw health services at FCI Butner about an unrelated medical issue and reported that he wanted to see a gastroenterologist, but that Humira (an immunosuppressive drug) was starting to take effect. According to FCI Butner, the defendant had an appointment scheduled with a gastroenterologist on October 19, 2021, but he did not show up for the appointment. FCI Butner does not know why the defendant did not show up for the appointment, but is now in the process of scheduling a new appointment for the defendant.

Respectfully submitted,

DAMIAN WILLIAMS
United States Attorney
